

Subject: Important Notice – Street Cleaning Schedule and Vehicle Parking Reminder

Dear Residents,

To maintain clean and safe streets in our community, Mineral County conducts street sweeping annually to clean up after winter.

This letter is in anticipation of the regular cleaning expected to happen in April or May. Mineral Co will give us as much notice as possible, but we want you to be prepared for when that happens.

We will be posting notices that will require your vehicles to be off the streets by 6:00AM on these scheduled sweeping days. Cars left on the street during sweeping hours may be ticketed and /or towed at the owner's expense.

We understand that parking can sometimes be challenging, but your cooperation helps us provide a cleaner environment for everyone and prevents damage to vehicles from the sweeping equipment. In addition, we will work with Mineral Co to have the North side of the street cleaned one day and the South side of the street cleaned on another day.

If you have any questions or need assistance finding alternative parking, please contact the Town of Alberton Office at 406-722-3404 or TownofAlberton@blackfoot.net during regular business hours.

Thank you for helping keep the Town of Alberton clean and beautiful!

Sincerely,

Shannon Cunio

Town of Alberton Interim Clerk
